

# Interactive Tutorial 1: Markdown

## Working with Markdown

Press `Ctrl + Shift + M` to open a formatted preview on the right.

### Basic Text

Write two sentences about yourself, each in a different paragraph.

My name is Cindy Jin.

I like to bake.

### Headers

Make a 3rd level header with your name:

Cindy Jin

### Emphasis

Write 4 of your favorite words using each type of emphasis:

*Boo*

**Fluffy**

*Simple*

Friend

### Lists

Make an ordered list of 3 things you hope to achieve this semester, and elaborate on them with sub items. Then, make an unordered list of 3 classes that you're taking this semester:

1. Exercise regularly.
  1. Go three times a week
2. Eat healthily.

1. Stop eating processed food
3. Get research.
  1. Email professors.

- CHEME 3230
- HD 3620
- CHEM 3900

## Links

Write a sentence describing your major, and insert a link to your major's department website:

[My major is Chemical Engineering.](#)

## Images

Insert the Cornell seal image with:

1. A relative file path(/images/Cornell\_University\_seal.png)
2. A URL  
([https://raw.githubusercontent.com/AguaClara/aguaclara\\_tutorial/master/Images/Cornell\\_University\\_seal.svg.png](https://raw.githubusercontent.com/AguaClara/aguaclara_tutorial/master/Images/Cornell_University_seal.svg.png))

Cornell

Local

## Code Formatting

Put the name of this file in an in-line (single backtick) code format.

Interactive-Tutorial-1-Markdown

Put the following text in a Python-formatted code block:

```
def foo():  
    print("Particles of a feather...")  
    print("...floc together!")
```

```
def foo():  
    print("Particles of a feather...")  
    print("...floc together!")
```

## Tables

Create a table listing your 3 favorite animals, books, and places on campus. Use a different alignment for each column.

Animals	Books	Places
Panda	Virals	Terrace
Penguin	Exposure	Upson
Dogs	Code	Dorm

## Blockquotes

Write your favorite quote. It must be attributed to Albert Einstein.

Two things are infinite: the universe and human stupidity; and I'm not sure about the universe.

## Horizontal Rules

Add a horizontal rule:

---

## LaTeX Formatting

Copy the equation towards the end of the [Markdown tutorial](#) and paste it here:

$$a^2 + b^2 = c^2$$
